St. Columba Collaboration
Neighborhood Survey Project

Introduction

In Spring 1996, the St. Columba Collaboration (including St. Columba Church, St. Columba Elementary School and the St. Columba Neighborhood Club [i.e. "the Collaboration"]), with the assistance of the UMDNJ-School of Nursing, conducted a research project involving surveys of neighborhood residents and Club users. This quantitative survey approach was complemented by qualitative focus groups conducted among School and Club staff. Overall, the project was undertaken to acquire self-report descriptive statistics on the neighborhood residents and Club users as well as to ascertain their health and social service needs. Findings from the quantitative and qualitative approaches will be used to evaluate and revise current collaboration services, to design and implement new services, and to advocate for residents' needs within the context of health and social service agencies of the larger city and state systems.

This document summarizes the findings of the two quantitative surveys conducted among the neighborhood residents and the Club users. The actual surveys employed are included in appendices to this document (see Appendix A for the ***Resident Questionnaire*** and Appendix B for the ***Users Questionnaire***). These two surveys were distributed in two versions: an English language version and a Spanish language version. The surveys were distributed by trained assistants who canvased the neighborhood door-to-door for collection of the ***Resident Questionnaire*** and who individually approached users of the Collaboration's services for collection of the ***Users Questionnaire***. The data obtained from all of the resident and user questionnaires was analyzed using the StatPac Gold statistical software system at UMDNJ.

The document is organized into two sections for clarity of presentation. Section One depicts the findings from the Residents Questionnaire and Section Two includes findings from the Users Questionnaire. The findings include data from 296 neighborhood residents and 471 Collaboration users.

Section One
Major Findings from the Residents Questionnaire

The Residents Questionnaire contained a total of 97 variables. The questionnaire was divided into four distinct sections as follows: (1) questions regarding St. Columba Services; (2) Household Composition; (3) Health Services; and (4) Social Services. A final question regarding perception of the "most serious problems in the neighborhood" was directed to residents in zip code 07102.

The following outline highlights the major findings of the Residents Questionnaire. Appendix C includes a complete analysis of all the descriptive data obtained on the 97 variables in this questionnaire. This analysis includes a breakdown of findings for the total sample of respondents (N=295) as well as the two sub-samples (Spanish version respondents: N=187; English version respondents: N=108).

- The majority of the respondents (N=225; 76.3%) were aware of the St. Columba Collaboration, including the Church, School and Club.
- The majority of the respondents (N=160; 54.2%) has attended the St. Columba Church.
- A minority of the respondents (N=87; 29.5%) have had a child enrolled in the St. Columba School.
- A minority of the respondents (N=93; 31.5%) have participated in the St. Columba Club programs; of those participating in the Club's programs, the majority (N=70) are Spanish speaking.

- The Club programs utilized most by the residents include the After School Program, the Family Programs, Women's classes, English classes, Pre-School Program, and Healthy Mothers/Health Babies Program.

- The most frequent reasons why residents use the St. Columba Club services include"good services" (N=35; 11.9%), "excellent workers" (N=16; 5.4%), and "it helps the neighborhood" (N=9; 3.1%).

- The major reason cited by residents for not using the services offered by the St. Columba Club was "lack of knowledge (unaware of Club) of the services" (N=101; 34.2%); another reason cited was "hours of service" (N=17; 5.8%).

- Of the residents who used the St. Columba Club services, the majority indicated that they were treated very well ("excellent treatment" N=86; 29.2% and "good treatment" N=65; 22.0%).

- Of the residents who used the St. Columba Club services, the majority indicated that the quality of the services were either "excellent" (N=80; 27.1%) or "good" (N=63; 21.4%).

- The program most frequently cited by residents as needed for inclusion among the St. Columba Club offerings "economic development and the creation of more jobs" (N=105; 35.6%). The other programs deemed needed by residents include: "job training" (N=90; 30.5%), "crime prevention" (N=88; 29.9%) and "housing" (N=84; 28.5%).

- The majority (N=185; 67.7%) of residents lived in households with four or less individuals. The majority of those living in households were identified by residents as family members.

- The majority (N=159; 69.5%) of the residents have two or less children living in their households; 29 residents (12.7%) claim no children in their households.

- The range of age of children living in the residents' households is between five (5) and ten (10) years of age; few residents (N=14; 7.6%) have children 15 years of age or older.

- The majority (N=138; 46.8%) of the residents do not have senior citizens in their households.

- The majority (N=130; 44.1%) of the residents with children have married parents living in the households. Of the Spanish questionnaire responses, 74 (39.6%) respondents indicated that the parents were not married in the household and 71 (38.0%) were married, with 42 (22.6%) respondents not answering the question. Of the English questionnaire responses, 56 (51.9.0%) respondents indicated that the parents were not married in the household and 27 (25.0%) were married, with 25 (23.1%) respondents not answering the question.

- Approximately half of the respondents indicated that the father of the children in the household did not live in the home (N=118) while another rough half (N=100) indicated that the father did live in the household. Seventy three (73) residents did not answer that question.

- The majority (N=151; 50.6%) of residents have lived in their present home for ten (10) years or less; of that group, the majority (N=100; 39.5%) have been in their present homes for five (5) years or less.

- The majority (N=250; 85.3%) did not have a pregnant women living in their household.

- There were fourteen (14) reported pregnant women living in the households of the respondents; the range of age of the pregnant women was 16 through 36.

- One hundred twenty seven (127) residents reported that they had other family members located in households also in the neighborhood.

- One hundred sixty seven (167) residents reported that one or more adults in the household worked outside of the house.

- The majority of the residents (N=169; 57.3%) have not completed high school; of that number, 85 (28.8%) have completed the eighth grade or less and 84 (28.5%) have completed some high school. Seventy five (N=75; 25.4%) indicated that they graduated from high school.

- Many of the respondents indicated that they receive some type of welfare benefits, including:

Public assistance:	N=113; (38.3%)
Social security:	N=54; (18.3%)
SSI Disability:	N=61; (20.7%)
Food Stamps:	N=106; (36.1%)
Subsidized Housing:	N=26; (8.8%)

- The majority (N=216; 73.2%) of the respondents indicated their race as "Latin/Hispanic" with 55 indicating "Black" as their race; fourteen (14) indicated "White" as their race.

- The majority (N=185; 62.7%) of the respondents indicated that English was not their first language; likewise, the majority (N=157; 53.2%) claimed Spanish as their first language.

- The majority (N=158; 53.6%) of the respondents were born in Puerto Rico with 107 (36.2%) born in the United States. Other places of origin included the Dominican Republic (N=11; 3.7%), Cuba (N=2; 0.7%), Ecuador (N=1; 0.3%), Portugal (N=1; 0.3%), Guatemala (N+2; 0.7%), Poland (N=2; 0.7%), Spain (N=2; 0.7%), the West Indies (N=2; 0.7%), and Nigeria (N=2; 0.7%).

- The most commonly reported "serious health problem" in the family was asthma (N=113; 38.3%) with the following also reported:

Diabetes:	N=57; (19.3%)
Hypertension:	N=55; (18.6%)
Heart Disease:	N=30; (10.2%)
HIV/AIDS:	N=9; (3.1%)
Alzheimer's:	N=7; (2.4%)

- Approximately one-third (N=99; 33.7%) of the respondents indicated that there is a single parent in the household.

- A small number of respondents reported having either a handicapped child (N=8; 2.7%) or handicapped adult (N=19; 6.4%) in their homes.

- Forty-four (N=44; 15.0%) of the respondents indicated that there is either a divorced or separated person living in their households.

- Eighteen (N=18; 6.1%) of the respondents indicated that there is a drug and/or alcohol addicted person living in their household.

- The majority (N=154; 52.2%) of the respondents indicated that they have a private physician as their usual source of health care. A smaller number (N=112; 38.2%) employ a "clinic" for health care and fifty-five (N=55; 18.8%) use a hospital emergency department as their usual source of health care.

- The majority (N=211; 71.5%) visit their "usual source of health care" for preventive health services; 136 (46.1%) visit their "usual source of health care" for acute care services only.

- The majority (N=162; 55.1%) of the respondents believe that the people living in their neighborhood would benefit from mental health services. Ninety-two (N=92; 49.5%) of the respondents to the Spanish version responded positively to this item and seventy (N=70; 64.8%) of the respondents to the English version responded positively to this item.

- The most commonly reported "serious problem affecting the neighborhood" is lack of employment (N=112; 38.0%). The following are other problems listed by respondents:

Poor Paying Jobs:	N=80; (27.1%)
Inadequate Housing:	N=75; (25.4%)
Health Problem(s):	N=63; (21.4%)
Youth Not in School or at Work:	N=61; (20.7%)
Drug/Alcohol Addiction:	N=54; (18.3%)
Domestic Violence:	N=32; (11.0%)
Lack of Health Care Services:	N=29; (9.8%)
Teenage Pregnancy:	N=28; (9.6%)

- Respondents reported use of a variety of social service agencies, including the following:

Neighborhood Club:	N=63; (21.4%)
Social Service Agencies:	N=56; (19.0%)
Health Services:	N=42; (14.2%)
Drug Rehabilitation Agencies:	N=11; (3.7%)
Mount Carmel Guild:	N=11; (3.7%)
AIDS Programs:	N=7; (2.4%)

- The majority (N=177; 60.0%) of respondents indicated that they seek help from family members when they are in crisis; thirty-three (N=33; 11.2%) seek help from St. Columba Church; nineteen (N=19; 6.4%) seek help from the Club; and three (N=3; 1.0%) seek help from the School.

- Of the respondents living in zip code 07102, drug addiction (N=213; 72.2%) was identified as the most serious problem affecting the neighborhood; the following were also identified as serious problems in the neighborhood:

Crime in the Neighborhood:	N=180; (61.0%)
Youth Not in School or at Work:	N=152; (51.5%)
Unemployment/Underemployment:	N=126; (42.7%)
Poor Housing:	N=107; (36.5%)
Teenage Pregnancy:	N=99; (33.6%)
Domestic Violence:	N=99; (33.6%)
Lack of Health Services:	N=68; (23.1%)

Section Two
Major Findings from the Users Questionnaire

The Users Questionnaire contained a total of 94 variables. Like the Residents Questionnaire, the Users Questionnaire was divided into four distinct sections as follows: (1) questions regarding St. Columba Services, (2) Household Composition, (3) Health Services, and (4) Social Services.

The following outline highlights the major findings of the Users Questionnaire. Appendix D includes a complete analysis of all the descriptive data obtained on the 94 variables in this questionnaire. This analysis includes a breakdown of findings for the total sample of respondents (N=471) as well as the eleven (11) sub-samples as follows:

Spanish Version Respondents:	N=239
English Version Respondents:	N=232
Spanish Group with School Children:	N=50
English Group with School Children:	N=154
English Speaking Parishioners:	N=41
Spanish Speaking Parishioners:	N=160
Women's Group	N=13
Youth Group	N=8
Seniors' Group	N=10
Bingo Group:	N=31
Zip Code 07102	N=79

- Approximately one-third of the respondents used the services of the St. Columba Church (N=166, 35.2%) and the St. Columba School (N=154, 32.7%). A minority of the total sample used the services offered by the Club (N=33, 7%).

- The majority of respondents indicated that the services received at St. Columba Neighborhood Club were either "excellent" (N=247; 52.4%) or "good" (N=138, 29.3%).

- The majority of respondents indicated that the quality of the services received at St Columba Neighborhood Club were either "excellent" (N=221, 46 9%) or "good" (N=143, 30 4%)

- A large number (N=204, 43 4%) of the respondents indicated that the Club needed to initiate a youth program as a priority new program, other new programs considered needed included

Crime Prevention Programs	N=179, (38 0%)
Economic Development, New Jobs	N=161, (34 2%)
Job Training	N=132, (28 0%)
Health Services, A Clinic	N=116, (24.6%)
Housing	N=107, (22 7%)
AIDS Programs	N=104, (22 1%)
Single Mothers Programs	N=101, (21 5%)
Senior Citizen Programs	N=79, (16 8%)

- The most frequently reported zip codes included: 07114 (N=105, 24.8%), 07102 (N=79, 18.6%, and 07108 (N=34, 8.0%).

- The majority of users have lived in their present homes for five (5) years or less years (N=229, 56 1%), the majority of the Spanish survey group have lived in their present homes also for five (5) or less years (N=125, 58 9%)

- The majority of users have four (4) or less individuals living in their present households(N=148, 66 1%) Likewise, the majority of Club users responding indicated that they have four (4) or less family members living in their present households (N=292, 71 1%)

- The majority of users have 0 to 2 children living in their households (N=278, 72 2%) the range of children in the respondents' families extended from 0 to 18 with the average number of children per household two (2) The range of age of children living in respondents' households is from 0 to 24, with ten (10) being the average age

- The majority of users (N=319, 68 2%) do not report senior citizens living in their households

- Most of the users report that the parents of children living in the household are married (N=209, 44 6%), another 185 (39 4%) report that the parents are not married

- Most of the users report that the fathers of children in the homes are present in the households (N=218, 46 5%), another 157 (33 5%) report that the fathers are not present in the households

- The majority (N=405, 86 5%) did not have a pregnant women living in their household

- There were eighteen (18, 3.8%) reported pregnant women living in the households of the respondents, the range of age of the pregnant women was 22 through 30.

- One hundred fifteen (115) residents reported that they had other family members located in households also in the neighborhood

- Four hundred twenty five (425) residents reported that one or more adults in the household worked outside of the house

- Most of the users (N=208, 44.5%) either completed high school or most of high school of that number, 130 (27.8%) completed high school. An additional 156 (33.4%) attended some college courses and/or obtained a college degree. Eighty four (N=84, 18.0%) attended school up to or through the eighth grade

- Many of the respondents indicated that they receive some type of welfare benefits, including

Public assistance	N=93, (19.7%)
Social security	N=61, (13.0%)
SSI Disability	N=56, (11.9%)
Food Stamps	N=101, (21.4%)
Subsidized Housing	N=51, (10.9%)

- The majority (N=302, 66.1%) of the respondents indicated their race as "Latin/Hispanic" with 131 (28.7%) indicating "Black" as their race, twenty (20) indicated "White" as their race.

- The majority (N=262, 56.1%) of the respondents indicated that English was not their first language, likewise, the majority (N=222, 47.8%) claimed Spanish as their first language

- Most of the user respondents (N=199, 44.9%) of the respondents were born in the United States with 180 (40.6%) born in Puerto Rico. Other places of origin included the Dominican Republic (N=16, 3.6%), Africa (N=16, 3.6%), Cuba (N=1; 0.2%), Ecuador (N=13, 2.9%), Haiti (N=3, 0/7%), Honduras (N=4, 0.9%), Portugal (N=1; 0.2%), and Uruguay (N=1; 0.2%)

- Approximately one third (N=138, 29.3%) of the respondents indicated that there is a single parent in the household.

- A small number of respondents reported having either a handicapped child (N=9, 1.9%) or handicapped adult (N=15, 3.2%) in their homes.

- Fifty five (N=55, 11.8%) of the respondents indicated that there is either a divorced or separated person living in their households.

- Fourteen (N=14, 3.0%) of the respondents indicated that there is a drug and/or alcohol addicted person living in their household.

- The majority (N=337, 71.5%) of the respondents indicated that they have a private physician as their usual source of health care. A smaller number (N=93, 19.9%) employ a "clinic" for health care and fifty-eight (N=58, 12.3%) use a hospital emergency department as their usual source of health care.

- The majority (N=364, 77.4%) visit their "usual source of health care" for preventive health services; 162 (34.8%) visit their "usual source of health care" for acute care services only.

- The majority (N=247, 52.6%) of the respondents believe that the people living in their neighborhood would benefit from mental health services. One hundred and three (N=103, 43.6%) of the respondents to the Spanish version responded positively to this item and seventy (N=143, 61.9%) of the respondents to the English version responded positively to this item.

- The most commonly reported "serious health problem" in the family was asthma (N=127, 27.0%) with the following also reported

Diabetes	N=76, (16.1%)
Hypertension	N=98, (20.8%)
Heart Disease	N=52, (11.0%)
HIV/AIDS	N=12, (2.5%)
Alzheimer's	N=3, (0.6%)

- The most commonly reported "serious problem affecting the neighborhood" is lack of employment (N=84, 17.8%). The following are other problems listed by respondents

Poor Paying Jobs	N=83, (17.7%)
Inadequate Housing:	N=61, (13.0%)
Health Problem(s):	N=60, (12.8%)
Youth Not in School or at Work	N=43, (9.1%)
Drug/Alcohol Addiction	N=37, (7.9%)
Lack of Health Care Services	N=22, (4.7%)
Domestic Violence	N=16, (3.4%)
Teenage Pregnancy	N=28, (9.6%)

- Respondents reported use of a variety of social service agencies, including the following:

Neighborhood Club	N=70, (14.9%)
Social Service Agencies:	N=31, (6.6%)
Health Services.	N=27, (5.7%)
Drug Rehabilitation Agencies	N=14, (3.0%)
AIDS Programs:	N=7, (1.5%)

- The majority (N=238, 50.6%) of respondents indicated that they seek help from family members when they are in crisis, one hundred twenty-five (N=125, 27.5%) seek help from St. Columba Church, eighty six (N=86, 18.3%) seek help from friends, and twenty-seven (N=27, 5.7%) seek help from the Club, and twenty (N=20, 4.3%) seek help from

neighbors

- The Club services utilized most by the respondents include the After School Program, the Family Programs, Women's classes, English classes, Pre-School Program, Seniors Programs, assistance with forms and documents, nursing and social service help, notary public services, youth programs, and bingo.

- The reasons why users employed the services of the St. Columba Collaboration included the following: (1) It's in my neighborhood, (2) It helps the kids in the neighborhood, (3) The school is good, good teachers, (4) The Church is good, its a Latino Church, (5) Low cost for the school, (6) The services are good, (7) They treat people well, and (8) Bingo is fun.

Section Three
Summary

The results of these quantitative surveys, both "Users" and "Residents" clearly illustrate the perceived needs of the St Columba neighborhood The most commonly stated problems and thus the most urgently stated needs - involve unemployment/underemployment, violence and crime, drug and alcohol addiction, and mental health problems

This data points to the need for strengthening of current human welfare and health programs in the neighborhood and/or the addition of new programs in these areas of need The data also clearly illustrate the relevance and importance of the Collaboration in the fabric of the neighborhood and the need for its position to be strengthened

<u>RESIDENTS QUESTIONNAIRE</u>

I ST. COLUMBA SERVICES

1) Are you aware of a parish and school and a neighborhood club named St. Columba on Pennsylvania Avenue and South Street?

Yes___ No

IF YES- Have you attended the Church -

Yes___ No___

Do you or did you ever have a child in the school?

Yes___ No___

IF YES- have you participated in programs offered by the Club?

Yes___ No___

IF YES-In what programs have you participated? ______________________

____

____

2) Why do you use the service of St. Columba? ______________________

____

____

IF YOU DON'T, why don't you use the services?

Don't know about them___
Lack of transportation___
Financial concerns ___
Hours of service incorrect___
Other (Specify)______________________

IF NO TO Q 1 SKIP TO NUMBER 6

3) How would you rate the services you received at St. Columba in terms of how you were treated?

Excellent___ Good___
Fair___ Poor___

4) How would you evaluate the quality of the service at St. Columba?

Excellent___ Good___
Fair___ Poor___

5) If the St. Columba Collaboration (Church, School, Club) could start one new program, what program do you think is most needed?

Economic development create jobs___
Health Services, a clinic___
Housing___
Job Training___
Youth Programs___
AIDS Programs___
Programs for Single Mothers___
Programs for Senior Citizens___
Crime-Prevention Programs___
Other (Specify)______________

II HOUSEHOLD COMPOSITION

6) How many people live in your household?______

How many are family members?______
How many are children?______
Their ages______________
Are there any senior citizens?
Yes ___ No___
Are the parents married?
Yes___ No___
Does the father of the children live here?
Yes___ No___

7) How many years have you lived in this neighborhood?______

8) Do you have other family members who live in the neighborhood?
Yes No

IF YES, in how many households do they live?

____

9) How many adults in the house work outside of the home?______

10) What is the highest level of education you have completed?

Grade 8 or less ___
Some High School
High School graduate___
Some College or College degree

11) Does your family receive:

Public Assistance
Social Security ___
SSI (Disability)___
Food Stamps
Subsidized Housing___

12) What is your race?

Black___
White
Latin/Hispanic
Other (Specify)______________

13) Is English your first language?

Yes___ No___

IF NO, what is?

14) Where were you born?

United States ___
Puerto Rico
Other (Specify)

APPENDIX A

RESIDENT QUESTIONNAIRE

Users Questionnaire

I ST COLUMBA SERVICES

1) Which of the following services of St. Columba do you use?

Parish Church_______
Parish School ______
Neighborhood Club ____

IF YES to the Club, what specific services do you use?

2) Why do you use the services of St. Columba?

3) How would you rate the services you received at St. Columba in terms of how you were treated?

Excellent____ Good_____
Fair ____ Poor_____

4) How would you evaluate the quality of the service at St. Columba?

Excellent_____ Good_____
Fair ___ Poor ___

5) If the St. Columba Collaboration (Church, School, Club) could start one new program, what program do you think is most needed?

- Economic Development., create jobs_____
- Health Services, a clinic
- Housing_____
- Job Training_____
- Youth Programs ___
- AIDS Programs_____
- Programs for Single Mothers_____
- Programs for Senior Citizens_____
- Crime-Prevention Programs
- Other (Specify)______________________

II HOUSEHOLD COMPOSITION

6) What is the Zip Code of your house?____________

7) How may years have you lived in this house?________

8) How many people live in your household?______
How many are family members?______
How many are children? ____
Their ages______
Are there are any senior citizens?
Yes_____ No_____

Are the parents married?
Yes_____ No______

Does the father of the children live here?
Yes___ No __

9) Do you have other family members who live in the neighborhood?

Yes___ No

IF YES, in how many households do they live?_____

10) How many adults in the house work outside of the home?_____

11) What is the highest level of education you have complete:
- Grade 8 or less
- Some High School
- High School graduate
- Some College or degree

12) Does your family receive
- Public Assistance____
- Social Security
- SSI (Disability) __
- Food Stamps____
- Subsidized Housing

13) What is your race?

- Black____
- White
- Latino/Hispanic
- Other (Specify) ________

14) Is English your first language?

Yes No

IF NO, what is?____________________

15 Where were you born?

- United States
- Puerto Rico
- Other (Specify)____________________

III HEALTH SERVICES

16) Does anyone in your household have

Asthma
Diabetes (Sugar)____
High Blood Pressure ___
HIV or AIDS____
Alzheimer's Disease___
Heart Disease
Other Terminal illness (Specify)

____

17) Is anyone in your home

A single parent____
Physically Handicapped - Child____ Adult____
Divorced or Separated____
Addicted to Drugs or Alcohol____
Have other serious health problem (Specify)

____

18) What is your usual source of health care

Private Physician____
Clinic
Emergency Room
Other (Specify) ____________

19) Do you go to your health care provider for routine preventive care (checkups, exams)?

Yes____ No____

20) Do you go to your health care provider for acute care only?

Yes____ No____

21) Is anyone in your household currently pregnant?

Yes____ Age____ No____

IF YES, is she receiving Prenatal Care?

Yes____ No____

22) Do you think there are people in the neighborhood who could benefit from mental health services because of individual or family problems?

Yes____ No____

IV SOCIAL SERVICES

23) What is the most serious problem affecting your family?

Lack of work____
Poor paying job____
Inadequate housing____
Health problem____
Addictions drug or alcohol____
Domestic violence____
Lack of health services____
Teen-age pregnancy____
Young people not in school, not working____
Other (Specify)____________

24) Do you use any of the following agencies?

Social Service ____
Health Service ____
Drug Rehabilitation Program____
AIDS Program____
Neighborhood Club____
Other (Specify) ____________
Don't Know

25) When there is a crisis in your family, where do you go for help?

Family
Friends ____
Neighbors____
Church St. Columba Yes____ No
School ____
Neighborhood Club ____
Other____
No one

IF PERSON LIVES IN ZIP CODE 07102, ASK THE FOLLOWING.

26) What do you think are the most serious problems in the neighborhood?

Unemployment or underemployment____
Poor housing____
Lack of health services____
Drugs
Domestic violence
Crime, violence in the neighborhood ____
Young people who have no future, no jobs, not in school ____
Teen age pregnancy____

Have other serious health problem
(Specify) ___________________

17) What is your usual source of health care

Private Physician____
Clinic
Emergency Room
Other (Specify)___________________

18) Do you go to your health care provider for routine preventive care (checkups, exams)?

Yes____ No____

19) Do you go to your health care provider for acute care only?

Yes____ No____

20) Is anyone in your household currently pregnant?

Yes ____ Age No _

IF YES, is she receiving Prenatal Care?

Yes____ No

21) Do you think there are people in the neighborhood who could benefit from mental health services because of individual or family problems?

Yes____ No____

IV SOCIAL SERVICES

22) What is the most serious problem affecting your family?

Lack of work ___
Poor paying job ___
Inadequate housing____
Health problem____
Addictions drug or alcohol ___
Domestic violence____
Lack of health services____
Teen-age pregnancy
Young people not in school, not working____
Other (Specify)___________________

23) Do you use any of the following agencies?

Social Service ____
Health Service____
Drug Rehabilitation Program____
AIDS Program____
Neighborhood Club____
Other (Specify) ___________________
Don't Know____

24) When there is a crisis in your family, where do you go for help?

Family____
Friends ____
Neighbors____
Church____
St. Columba - Yes____ No____
School
Neighborhood Club ___
Other ____
No one____

IF PERSON LIVES IN ZIP CODE 07102, ASK THE FOLLOWING:

25) What do you think are the most serious problems in the neighborhood?

Unemployment or underemployment____
Poor housing____
Lack of health services____
Drugs ___
Domestic violence ___
Crime, violence in the neighborhood
Young people who have no future, no jobs, not in school____
Teen-age pregnancy____
